# Crisis System Components

## Why 988?

An easy to remember three-digit number will offer rapid access to behavioral health crisis care and support

A front door for engaging individuals experiencing a mental health crisis and connecting them to care

Reduce health care spending and utilization of law enforcement with more cost-effective early intervention

Resolve crises and provide care in the community, in the least restrictive setting possible

# 988 Centers

## Call Centers

Behavioral Health Response

Burrell Behavioral Health

CommCARE

Compass Health

Ozark Center

Provident Behavioral Health

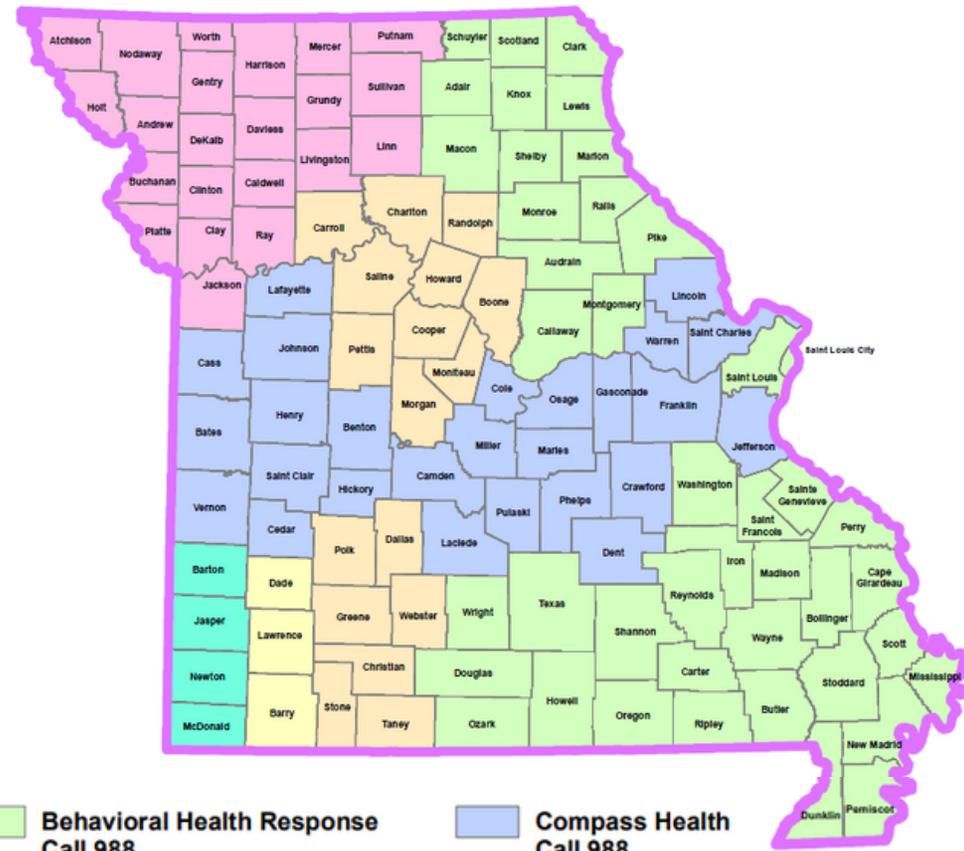

## Text & Chat Center

DeafLEAD

On July 16th, 2022, 988 became the national three-digit dialing, texting, and chat code for the National Suicide Prevention Lifeline. While 988 is available nationally, it is up to our state to ensure our centers are equipped to help anyone in crisis.

Crisis specialists triage, assess, stabilize/de-escalate, and connect individuals to the most appropriate care.
